

## INKJET & LASER CARTRIDGE RECYCLING PROGRAM

Looking for a way to support Metro Camden Habitat for Humanity right from your office?

**Just save inkjet\*, fax machine\* & laser\* cartridges  
and let us pick them up to be recycled!**

- Step 1:** \*Please make sure that the cartridges that your office/department/building would like to donate to MCHH is on the list of acceptable cartridges. The most recent list can be found online at: [http://www.ers-imaging.com/selling/selling\\_ers.asp](http://www.ers-imaging.com/selling/selling_ers.asp)
- Step 2:** Spread the word about recycling the cartridges (see enclosed example flyer). Encourage everyone to put the used cartridge in the box that the new cartridge comes out of.
- Step 3:** Save the cartridges in a place that you are able (maybe a small area in the storeroom, under a desk, etc.) If you can save 10 or more at a time that would be helpful!
- Step 4:** When you have cartridges to be picked up, contact our volunteer, Anne either by email: [printercartridges@habitatcamden.org](mailto:printercartridges@habitatcamden.org) or call (856) 424-0265 to schedule a pick up for your cartridges.

Metro Camden Habitat for Humanity sends the cartridges to a recycling program and receives anywhere from \$0.10-\$15.00 per cartridge. Habitat for Humanity International also receives a donation from the company because you recycled thru Metro Camden Habitat for Humanity. Everyone benefits!

***Thru the efforts of your entire office/building you could raise  
endless funds for Habitat for Humanity, simply by recycling!***

***So Why Wait?*** To get started, hang up flyers, send a memo, shoot out an email, do what it takes to spread the word. Make sure you have a place to store the cartridges and then start collecting!

Thank you for your support!

Contact Amy Simecik if you have any other questions: (856) 963-8018 or email [info@habitatcamden.org](mailto:info@habitatcamden.org)
